How the process works

Three straightforward steps. No listing, showings, or unnecessary back-and-forth.

1 Agree on the purchase

We review the property, answer your questions, and sign a clear agreement to purchase your land.

2 Secure the closing

We place the agreed earnest-money deposit with a licensed title company or closing attorney in your state.

3 Receive your payment

The closing professional verifies title, prepares documents, and pays you the full agreed amount at closing.
